

CONNECTION SONG

AM

I sing my connection with the earth

I sing my connection with the earth

DM AM

and everytime I fall

DM AM FE AM

I sing myself right back to connection with the earth

I sing my connection with the fire

I sing my connection with the fire

and everytime I fall

I sing myself right back to connection with the fire

I sing my connection with the wind

I sing my connection with the wind

and everytime I fall

I sing myself right back to connection with the wind

I sing my connection with the water

I sing my connection with the water

and everytime I fall

I sing myself right back to connection with the water

I sing my connection with the soul

I sing my connection with the soul

and everytime I fall

I sing myself right back to connection with the soul
